PREVENTION IS EVERYBODY'S BUSINESS

The year 1959 was fortunate from a forest fire standpoint. New Hampshire had the best record in the nation. Fewer acres were burned, suppression costs were substantially reduced and damage to woodlands held to a minimum. The record resulted from a combination of favorable weather conditions, an alert warden service and a cooperating public.

Yet, despite all this, there still persists a disturbing note:

58% or 6 out of every 10 fires in 1959 were caused by careless smokers and debris burners.

10% or 1 out of every 9 fires was caused by children.

Careless, indifferent, thoughtless and independent minded individuals and failure of parents to properly supervise children and keep matches out of their reach, annually cause these unnecessary fires which cost large sums to extinguish and cause extensive damage. The elimination of these three causes of fires would radically change this picture. The rules are simple —

1. Before burning, secure a permit from your local forest fire warden - the law requires it.
2. Be sure to properly supervise your burning.
3. Make certain your fire is DEAD OUT before leaving it.
4. Don't throw lighted matches, cigars and cigarettes from moving vehicles - use your ash tray.
5. Don't burn at home - Use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires 0

Number of acres burned 0

Number of permits issued 45

SCHOOL BOARD'S REPORT

There have been many changes and many accomplishments during the past year. We moved into the new school building just a few days before school opened. We had no bookcases for the books, no coat racks for jackets etc, and much to our amazement we had five children who had no desks or chairs the first day of school. After a few weeks of confusion everything has straightened out and we are very thankful that our boys and girls finally have the facilities equal to those in most other schools in the state.

There are still a few minor changes to be made before the building is officially accepted.

We express our sincere thanks to the people who contributed their time and trucks to help move the furnishings into the new building. We are also grateful to Mr. and Mrs. John Schaefer for their gift of furnishings for the teachers' room and also to Mr. and Mrs. Charles T. Boynton of Elkhart, Ind. for their gift of two chairs for the teachers' room.

Open house was held in November when many townspeople and out-of-town people had the opportunity to inspect the building. We have also shown the building to at least one group of people from another town which is interested in constructing a building similar to ours.

In closing we wish to thank the building committee for their assistance, time and cooperation they have given the school board for the past three years. We are also grateful to our superintendent, Mr. William Hounsell, for his time, guidance, and helpful suggestions as well as his patience with and for us.

Respectfully submitted,
Edna T. Ballam, Chairman.
